EXPERIENCE

Sound Technician – Aurora Players | July 2025 – August 2025

- Mastered audio equipment and software in under a week and served as sole sound technician for 6 live performances, each garnering 50+ audience members.
- Operated live sound effects and music, and assisted with lighting to enhance productions.

Video Editor – MBA Waves | July 2024 – January 2025

- Produced 16 long-form YouTube videos from 1-2 hour livestreams, collectively reaching 110,000+ viewers, representing a substantial growth in audience engagement compared to previous uploads.
- Served as the sole video editor, editing and optimizing content with hooks, title cards, and metadata to maximize visibility.

Student Assistant – University at Buffalo & BTM | October 2024 – January 2025

- Selected for internship due to demonstrated excellence in Avid Pro Tools coursework — live-mixed and edited interviews for the NPR program “Sin Fronteras” in Adobe Audition.
- Contributed to the setup and construction of a sound studio for student projects and a campus radio station.
